

PRIORITIES FOR STRENGTHENING EXTRACTIVE INDUSTRY GOVERNANCE

5 -7 SEPTEMBER 2018

Location: Event space, EITI Office at OHOI, Skippergata 22, Oslo

We are inviting colleagues in key partner organisations for some informal workshops and information sharing sessions on extractives governance.

We will discuss the outlook for beneficial ownership, state-owned enterprises, contract transparency, commodity trading, and other topics. We'll also be looking at wider developments, and how the EITI can best add value, especially as we prepare for our next Global Conference in 2019.

Partners will hold short presentations about their work and priorities in 2019. We will be exploring the outlook for EITI implementation, including systematic disclosure, Validation, funding and governance.

Wednesday 5 September
