

2019 EITI Standard

What's new on environmental reporting?

In February 2019, the EITI Board agreed to changes to the EITI Standard, including new requirements on environmental reporting

AT LEAST 28 countries have included information on environmental payments or monitoring of environmental impact in EITI reporting

Learn more at [eiti.org](https://www.eiti.org)

Environmental issues are an important part of natural resource governance

Environmental reporting

In the 2019 Standard

Material environmental payments to governments should be disclosed

Requirement 6.1

Disclosure of information related to environmental impact and monitoring is encouraged

Requirement 6.4
