

Final SLEITI Work Plan 2021

SLEITI WORKPLAN

1.0 Introduction - EITI Requirement 1.5

The EITI requirement related to work plan states that the SLEITI Multi-stakeholder Group (MSG) is required to maintain a current work plan which is fully costed and aligned with the reporting and validation deadlines established by the EITI Board. The work plan must:

- a) Set EITI implementation objectives that are linked to the EITI Principles and reflect national priorities for the extractive industries. The MSG should address the steps needed to mainstream EITI implementation in company and government systems.
- b) Reflect the results of consultations with key stakeholders and be endorsed by the multi-stakeholder group.
- c) Include measurable and time bound activities to achieve the agreed objectives. The scope of EITI implementation should be tailored to contribute to the desired objectives that have been identified during the consultation process.
- d) Identify domestic and external sources of funding and technical assistance where appropriate in order to ensure timely implementation of the agreed work plan.
- e) Be made widely available to the public, for example published on the national EITI website and/or other relevant ministry and agency websites, in print media or in places that are easily accessible to the public.
- f) Be reviewed and updated annually. In reviewing the work plan, the multi-stakeholder group should consider extending the detail and scope of EITI implementation. In accordance with Requirement 1.4 (b), the multi-stakeholder group is required to document its discussions and decisions.
- g) Include a timetable for implementation that is aligned with the deadlines established by the EITI Board (section 4 EITI Board oversight of EITI implementation) and that takes into account administrative requirements such as procurement processes and funding.

2.0 Logic Model

Utimate Outcome (Change of State) INTERMEDIATE OUTCOMEs (Change of Performance) IMMEDIATE OUTCOMES (Change of Performance) Improved compliance with EITI Standard and Requirement of revenues from the Extractive Sector, (2-6) Improved Compliance with EITI Standard and Requirement of SLETTI implementation Increased capacity of the SLETTI and key Stakeholders Improved Compliance with EITI Standard and Requirement of SLETTI Wisblitty of SLETTI data to enhance access by SLETTI Stakeholders OUTPUTS (Activity to Complete) Increased Capacity of the SLETTI and key Stakeholders Increased Capacity of the SLETTI and key Stakeholders Increased Capacity of the SLETTI data to enhance access by SLETTI Stakeholders Increased availability of SLETTI data to enhance access by SLETTI Stakeholders Increased State of SLETTI Wisblitty and its Impact on EITI implementation Increased State of SLETTI Wisblitty and its Impact on EITI implementation Increased State of SLETTI Wisblitty and its Impact on EITI implementation Increased Application of SLETTI Wisblitty and its Impact on EITI implementation Increased Application of SLETTI Wisblitty and its Impact on EITI implementation Increased Application of SLETTI Wisblitty and its Impact on EITI implementation Increased Application of SLETTI Wisblitty and its Impact on EITI implementation Increased Application of SLETTI Wisblitty and its Impact on EITI implementation Increased Application of SLETTI Wisblitty and Increased Application of SLETT	2.0 Logic IVIC	<u> </u>		
INTERMEDIATE OUTCOMES (Change of Performance) Strengthen SLETII to Meet and Implement EITI Standards and Requirements (1) To promote transparency and accountability in the management of revenues from the Extractive Sector. (2-6) Improved citizens participation in all aspects of SLETI implementation Standards and Requirements (1) Interest of SLETI independent of SLETI Indiana (1) Increased capacity of the SLETI and key Stakeholders (1) Improved Compliance with EITI Standard and Requirement Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII Stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholders Increased availability of SLETII data to enhance access by SLETII stakeholde	ULTIMATE		Ultimate Outcome
